Caltrans

Morning Conversation Moderator:
Scott Wiener
California State Senator

We invite you attend the 2017 Green Labor-Capital Forum at the LIUNA 261 union hall in San Francisco. Please join our influential group of business, labor, pension, investment and government leaders. In addition to the main lunch forum, we have a morning conversation session to engage participation by all.

Our 2017 forum is designed to advance sustainable investment in our local, state and national transportation infrastructure. Now is the time to talk about how to encourage pension funds investing in U.S. and California infrastructure. Both the president and congress are pushing for \$1 trillion in new infrastructure investment that could create 15 million jobs over 10 years. Pension funds are being called on to play a more active role in bridging the infrastructure gap. Innovation, public-private partnerships and creative deal structures all require vision and commitment. This forum brings together key stakeholders and leaders to identify innovative strategies for pension funds and infrastructure projects. The forum is more than just conversation, our goal is to advance win-win opportunities that work for pension funds, state and local government, taxpayers, organized labor and retirees.
